

SELECTIMEN (cont.)

SITE AREA EMERGENCY and GENERAL EMERGENCY

NOTE TIME

14. If you are required to leave the EOC, appoint the next available person in your line of succession to staff the EOC. Notify the Emergency Management Director of this change.

15. If the Kensington emergency response organization finds it necessary to evacuate, contact the Manchester emergency response organization to have facilities made available for Kensington's organization (see Kensington Emergency Call List). Prior to evacuating emergency workers coordinate provisions to support key municipal functions (i.e., security and fire suppression). This effort will be coordinated by NHOEM Local Liaison.

16. Continue to maintain EOC operation until the emergency has been terminated. Submit this documentation along with all your messages to the Town Clerk.
