Dear Mr. Beckjord:

Enclosed are twenty (20) copies of the Preliminary Safety Information Document for the Process Inherent Ultimate Safety (PIUS) reactor design. As we have previously indicated [References (A) and (B)], Combustion Engineering, Inc. is submitting this document in order to promote early consideration of the PIUS design in accordance with the objectives of the Nuclear Regulatory Commission's Advanced Reactor Policy Statement.

We would be happy to meet with you or members of your staff at your earliest convenience, to provide an introductory presentation on the design and to discuss the prospective schedule for review.
