Dear Mr. Whitfield:

I am writing to inform you of a reorganization of the Nuclear Regulatory Commission's (NRC's) Division of Low-Level Waste Management and Decommissioning (LLWD) as it affects the NRC/DOE interactions on the Uranium Mill Tailings Remedial Action (UMTRA) Project.

Effective on December 31, 1990, LLWD consists of three branches: the Low-Level Waste Management Branch, the Decommissioning and Regulatory Issues Branch, and the Uranium Recovery Branch (See Enclosure). The Uranium Recovery Branch, headed by John Surmeier, is the group under which all UMTRA Project activities fall. All correspondence directed to NRC Headquarters regarding the UMTRA Project and general uranium recovery issues should henceforth be addressed to:

Mr. John Surmeier, Chief  
 Uranium Recovery Branch  
 Division of Low-Level Waste Management  
 and Decommissioning  
 Office of Nuclear Materials Safety  
 and Safeguards  
 U.S. Nuclear Regulatory Commission  
 Mail Stop 5-E-2  
 Washington, DC 20555

The division of UMTRA Project sites between LLWD and our Uranium Recovery Field Office (URFO) in Denver, Colorado remains the same. Any correspondence related to the Monument Valley, Mexican Hat, Tuba City, Durango, Ambrosia Lake, and Lakeview sites should continue to be addressed to URFO (cc to LLWD); correspondence on all other sites should be addressed to LLWD.

Should you have any questions regarding this matter, please contact me (FTS 492-3340) or John Surmeier (FTS 492-3439).
