Re: Freedom of Information Act

Dear Sir:

This letter is written on behalf of Commonwealth Edison Company. Pursuant to the Freedom of Information Act, as amended (5 U.S.C. §552) and 10 CFR Part 9 of the Commission's Regulations, I hereby request access to and copying of, if I choose, the following:

A memorandum entitled "Adequate Protection of the Health and Safety of the Public," written on October 18, 1979, by Leonard Bickwit, Jr., General Counsel, NRC.

If for any reason it is believed that portions of the requested material are exempt from disclosure under the Freedom of Information Act, initially I consent to release excepting any such allegedly exempt material. This initial consent is designed to obtain the document requested as quickly as possible, and in no way waives any right to appeal from such decisions or any right to any and all of the material for which this request is made.

In the event that I am denied any material, please specify the statutory basis for the denial and the names and titles of the persons responsible for that decision.

I will pay reasonable costs for locating the requested material and for any copies thereof I may request.
