Washington, D.C. 20555

Dear Sirs:

In accordance with condition 39 of license number SUA-1358 this report is submitted. A survey of land use within five miles of the White Mesa Uranium Mill indicates that the use of the area has not changed. There has been some changing of ownership of different parcels of land but the usage of all the land is still mainly agricultural.

If you have any questions, please call.

Sincerely,

*Dean Roberts*
