Gentlemen:

I am a 14th generation American citizen. I am deathly afraid of nuclear materials, and wish to stay as far away from them as I can. I request through the FREEDOM OF INFORMATION ACT a list of those places in the United States where nuclear materials are either stored, used or dumped. It is your highest responsibility to protect the lives of U.S. citizens. My family's and my own health and well-being depend on this information.

Please respond with the list at your earliest convenience.

Thank you for your kind assistance.

Sincerely:

G. R. Bosworth
