RE: Source Material License SUA-1358

Dear Sirs:

The enclosed meteorology and air quality report was inadvertently omitted from our semi-annual effluent report submitted by Dean Roberts on August 29, 1980. The requirement for this supplemental report is based in License Condition No. 38 of SUA-1358.

I trust this oversight will cause no difficulty in evaluating our monitoring program.

Sincerely yours,

C. E. Baker, Ph. D.

& Safety Director
