Docket Nos. 50-295
and 50-304

Mr. J. S. Abel
Director of Nuclear Licensing
Commonwealth Edison Company
Post Office Box 767
Chicago, Illinois 60690

Dear Mr. Abel:

We have reviewed your response to our November 9, 1979 letter concerning those portions of your ECCS evaluation models, dealing with fuel cladding swelling and incidence of rupture.

We find that you have adequately confirmed the representations made in your behalf by your fuel supplier. We, therefore, conclude that your response is acceptable and that no further action is necessary at this time.

Sincerely,

A handwritten signature in cursive script that reads "Steven A. Varga".

Steven A. Varga, Chief
Operating Reactors Branch #1
Division of Licensing
