By letter dated April 26, 2019 (Accession No. ML19116A087), as supplemented by letters Dated May 31, 2019 (Accession No. ML19151A531), August 2, 2019 (Accession No. ML19214A100), August 29, 2019 (Accession No. ML19241A462), September 25, 2019 (Accession Nos. generally licensed spent fuel storage installation facilities (ISFSIs) (collectively referred to as the Facilities). The transaction described in the Application would result in the transfer of control of the Applicants to a newly created ultimate parent company, referred to as New HoldCo, which would be a separate legal entity from the current ultimate parent company, FirstEnergy Corp. As described in the Application, the transfer of control would facilitate the Applicants' emergence from bankruptcy.

The NRC approved the aforementioned request and issued an Order consenting to the transfer on December 2, 2019 (Accession No. ML19193A002).

In the letter dated August 2, 2019, FENOC committed to providing to the NRC the final legal names of New HoldCo, OwnerCo (formerly FENGen), and OpCo (formerly FENOC) prior to the consummation of the transfer. Though the transfer has not yet been consummated, the final company names are:

New HoldCo will be named Energy Harbor Corp.,  
OwnerCo will be named Energy Harbor Nuclear Generation LLC, and  
OpCo will be named Energy Harbor Nuclear Corp.

By providing this information, Commitment 1 of the August 2, 2019 letter has been completed.

There are no new regulatory commitments contained in this letter. If there are any questions or if additional information is required, please contact Mr. Thomas A. Lentz, Manager, Nuclear Licensing and Regulatory Affairs, at (330) 315-6810.

I declare under penalty of perjury that the foregoing is true and correct. Executed on December 3, 2019.
