Docket No. 50-155

Mr. David P. Hoffman
Nuclear Licensing Administrator
Consumers Power Company
212 West Michigan Avenue
Jackson, Michigan 49201

Dear Mr. Hoffman:

RE: SEP TOPIC VI-7.C.1, INDEPENDENCE OF REDUNDANT ONSITE POWER SYSTEMS
(BIG ROCK POINT)

Enclosed is a copy of our current evaluation of Systematic Evaluation Program Topic VI-7.C.1, Independence of Redundant Onsite Power Systems. This assessment compares your facility, as described in Docket No. 50-155, with the criteria currently used by the regulatory staff for licensing new facilities. Please inform us if your as-built facility differs from the licensing basis assumed in our assessment within 60 days of receipt of this letter.

This evaluation will be a basic input to the integrated safety assessment for your facility unless you identify changes needed to reflect the as-built conditions at your facility. This topic assessment may be revised in the future if your facility design is changed or if NRC criteria relating to this topic is modified before the integrated assessment is completed.

Sincerely,

Dennis M. Crutchfield
Dennis M. Crutchfield, Chief
Operating Reactors Branch #5
Division of Operating Reactors
