September 16, 1980

NUCLEAR PRODUCTION DEPARTMENT

U.S. Nuclear Regulatory Commission
Licensing Branch No. 3
Division of Licensing
Office of Nuclear Reactor Regulation
Washington, D.C. 20555

Attention: Mr. F. Miraglia, Acting Chief

Dear Mr. Miraglia:

SUBJECT: Grand Gulf Nuclear Station
Units 1 and 2
Docket Nos. 50-416 and 50-417
File 0272/0277/L-334.0
Transmittal of Draft Responses to
Reactor Systems Branch Questions
and Meeting Agenda
AECM-80/219

Requests for additional information were transmitted to Mississippi Power & Light (MP&L) by the NRC letter dated August 1, 1980. These requests consisted of the latest set of questions from the Reactor System Branch (RSB).

As per several telephone communications with your Mr. Joe Martore, we are scheduled to meet with representatives of RSB and Savannah River Laboratory September 23-25, 1980. This meeting will be held at the Grand Gulf Nuclear Station (GGNS) construction site.

To aid in your preparation for that meeting, we have compiled preliminary responses to the above mentioned RSB questions. Preliminary responses to all questions except Questions 211.117, 211.157, and 211.158 are attached. These remaining responses will be provided in a later transmittal.

For planning purposes a general meeting agenda is provided below.

September 23, 1980 8:30 A.M. Introduction
9:00 A.M. - 1:00 P.M. Plant Tour
2:00 P.M. - 5:00 P.M. Response Discussion
September 24, 1980 8:30 A.M. - 5:00 P.M. Response Discussion

We expect the meeting will go through the end of Wednesday, September 24, 1980. We request that our meeting conclude with an informal exit briefing, restating the major action items agreed on during the discussions. We have also scheduled meeting facilities for Thursday, September 25, 1980, if required.

We welcome this opportunity to meet with your representatives and feel that this is an expeditious approach to the GGNS licensing review.

Yours truly,

  
L. F. Dale  
Nuclear Project Manager
