Gentlemen:

Subject: NRC Regional Evaluation of Licensee Performance San Onofre
Nuclear Generating Station Units 2 & 3

This refers to the meeting held at the Southern California Edison Company Headquarters Offices in Rosemead, California on July 15, 1980, between Mr. R. H. Engelken and members of the Region V staff with Dr. L. T. Papay and other SCE principal staff personnel. The purpose of this meeting was to discuss the results of NRC's regional evaluation of licensee performance regarding activities authorized by NRC Construction Permit No. CPPR-97. A copy of this evaluation and supporting data are enclosed for your information.

Items discussed during the meeting included a description of NRC's program for evaluation of licensee performance, and a summary of the findings and evaluation of the NRC regional review board regarding compliance with NRC requirements at the San Onofre Nuclear Generating Station Units No. 2 and 3 during the period June 1979 through June 1980.

In accordance with Section 2.790 of the NRC's "Rules of Practice", Part 2, Title 10, Code of Federal Regulations, a copy of this letter and its enclosures will be placed in the Nuclear Regulatory Commission's Document Room.
