

UNITED STATES  
NUCLEAR REGULATORY COMMISSION  
WASHINGTON, D. C. 20555

August 10, 1979

To:

*Daniel Sternberg*

From:

Richard S. Mallory, OGC

*ASM*

Enclosed is a copy of the transcript of your deposition before the President's Commission on the Accident at Three Mile Island.

Please read through the transcript carefully and correct any errors (other than unimportant punctuation errors) in black pen on this copy. Correct any errors you can identify in the questions, as well as in your answers. This copy will not be retyped, but will be reproduced as you have marked it, so your corrections should be dark and legible.

After you have corrected the transcript, please sign and date the certificate at the end, and type your name under your signature.

You may wish to make a copy of the transcript for yourself before returning the original to me. When you return the transcript, please indicate if you object to making your transcript available to the Commission or to the Commission's investigation of Three Mile Island. Because of Commissioner interest, we would appreciate receiving your corrected copy within two days after you receive the transcript, if possible.

Unless you have an objection, I will send a copy of your signed, corrected transcript to the President's Commission with the request that they substitute it for any uncorrected copies they may have.

If you have any questions or problems, do not hesitate to call me or the attorney who represented you at the deposition.
