Mr. P. F. Collins
Chief, Operator Licensing Branch
Nuclear Regulatory Commission
Room 330
7920 Norfolk Avenue
Bethesda, Maryland 20014

Dear Mr. Collins:

The Sacramento Municipal Utility District's Rancho Seco plant will be utilizing the Babcock & Wilcox simulator for startup certification for one individual during the period April 7 through April 11, 1975.

The examinations will be conducted on Friday, April 11, 1975. You or members of your staff are welcome to observe or participate in these examinations.

Very truly yours,

Norman S. Elliott for

Norman S. Elliott
Manager, Nuclear Training
