Docket No. 50-344

Mr. Charles Goodwin, Jr.
Assistant Vice President
Portland General Electric Company
SW Salmon Street
Portland, Oregon 97204

Dear Mr. Goodwin:

As a result of a recent evaluation of the Trojan Nuclear Plant Security Plan and observations made by the Office of Inspection and Enforcement, we have determined that certain areas of the security plan do not establish an adequate commitment to meet certain of the requirements of 10 CFR 73.55. Accordingly, it is requested that the Trojan Nuclear Plant Security Plan be amended to incorporate the changes discussed in the enclosure. It is requested that your proposed amendments to the security plan be submitted for review within 30 days of your receipt of this letter.

The enclosure contains safeguards information and is to be withheld from public disclosure under 10 CFR 2.790(d).

Sincerely,

T. M. Novak, Assistant Director
for Operating Reactors
Division of Licensing
