Dear Mr. Moore,

Xcom 0307 \*

We wish to amend our present license ~~XSNM01607~~ to cover two additional detectors:

RS-P7-0310-250 and

RS-P7-0805-127

These two detectors contain no uranium. Their respective values are \$12,000 and \$397.00.

The exclusion of these two detectors on our original application was merely an oversight on our part.

Your prompt attention in this matter is appreciated.

Very truly yours,

REUTER-STOKES, INC.

license since  
no SNM is involved
