Attention: Mr. James P. O'Reilly

Reference: 59-424, 50-425 - Defective Bolting Materials from Southern
Bolt and Fastener Company

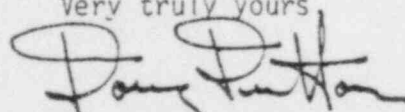

Gentlemen:

On August 14, 1980 a potential deficiency was reported concerning failure of bolting materials supplied by Southern Bolt and Fastener Company. Since this date, Georgia Power Company has placed on hold all known material received from Southern Bolt and Fastener Company. Georgia Power Company is still conducting a review to determine if any other additional defective material has been received.

It is anticipated this review will be concluded and a final report filed with the NRC by November 15, 1980.

This response contains no proprietary information and may be placed in the NRC Public Document Room upon receipt.

Very truly yours

Doug Dutton
