Gentlemen:

In regard to: Draft Regulatory Guide and
Value/Impact Statement.
Task OH 710-4, Revision 8,
August 1980

Commentary:

1. Guide. Context is comprehensive and understandable. I favor its publication with no additional minor changes.

2. Value/Impact Statement. I certainly could not agree more with the philosophy expressed. The guide is the best procedural approach as a bridge between staff and license applicant without further gutting of the regulations.

Very truly yours,
