Mr. Frank Young
Office of State Programs
U.S. Nuclear Regulatory Commission
Washington, D.C. 20555

Dear Mr. Young:

This is the report of program technical performance under Contract Number NRC-06-80-310, as required at end of the second quarter:

1. There has been no program technical performance.

As you may know, we planned to get started with this program by sending Larry Franks to the June 9, Mill Licensing Course. Unfortunately, Larry is leaving us to take another job.

Our contract does not have a listing for "Grants Officer", so I am sending you this report and three copies for appropriate distribution.

Sincerely,

John Vaden
