Dear Mr. O'Neal:

This is in response to your telephone inquiry of July 3 regarding a violation cited in an inspection here on March 12, 1980.

Effective March 12, 1980, all technical personnel were instructed to use syringe shields in the preparation of patient doses of millicurie quantities at all times. In addition, new syringe shields have been purchased and are in use.

We are sorry for the delay in notifying your office of our compliance with Item 16. Thank you for bringing this to our attention.

Sincerely,

Calvin R. Robinson
