To whom it may concern:

I have very little spare time,  
and when I take time to write  
a letter it is because this  
matter very much concerns me.

after reading Bill Burton's article  
"Three Mile Island: A Bear by the  
Tail", I was very, very disgusted  
and enraged at you, the Nuclear  
Regulatory Commission!

I am 100% behind the Chesapeake  
Energy Alliance and the idea that  
you barrel up the waste waters in  
cement and bury it in a completely  
safe place.

I feel that the dumping of any  
kind of waste such as this is a  
great way to ruin the Chesapeake Bay,  
which I dearly love.

I feel that the "accidentally on

purpose, dumping that has already  
been done is totally inexcusable.  
This is not the kind of representation  
I expect my hard earned tax  
money to go for.

I hope I will hear from you  
soon concerning this matter!

Yours truly,
