Gentlemen:

In accordance with the provisions of Reference (1), an application to amend Provisional Operating License No. DPR-45 for the La Crosse Boiling Water Reactor was filed by Reference (3).

The enclosure of Reference (3) contained Section 6.0, Administrative Controls. Included in this section on page 6-4 is Table 6.2.2-1, "Minimum Shift Crew Composition". This table should be revised to change the number of Operator License (OL) category individuals on duty under Operational Conditions 1, 2 & 3 from 2 to 1.

A corrected page 6-4 is enclosed with this letter.

The change is consistent with the present LACBWR Technical Specifications on page 26, Table 3.2-1, "Minimum Shift Crew Composition.
