

UNITED STATES
NUCLEAR REGULATORY COMMISSION
WASHINGTON, D. C. 20555

September 23, 1980

Mr. Gonzalo Fernos, Chairman
Citizens for the Conservation of
Natural Resources, Inc.
503 Barbe Street
Santurce, PR 00912

In the Matter of
Puerto Rico Electric Power Authority
(North Coast Nuclear Plant, Unit 1)
Docket No. 50-376

Dear Mr. Fernos:

In your letter of September 3, 1980, you requested a copy of the Commission's "Rules of Practice" and a set of the Nuclear Regulatory Commission Issuances (NRCI). In response to your first request I have enclosed a copy of the Commission's "Rules of Practice" (10 C.F.R. Part 2).

Compliance with your second request is more difficult. Since the NRCI is a comprehensive multi-volume work not readily available for distribution, forwarding a set of the NRCI to you would be inconsistent with the Commission's policy with regard to financial assistance to intervenors (Financial Assistance to Participants in Commission Proceedings, 4 NRC 494 (1976)). If, however, the Applicant's recent motion for termination of the above proceeding is not granted and the proceeding continues, we will make arrangements to loan to the Local Public Document Room (LPDR) nearest you a microfiche set of the NRCI. We will also loan to the LPDR a microfiche reader.

If I can be of further assistance, please do not hesitate to contact me.

Sincerely,

Henry J. McGurren
Counsel for NRC Staff
