Gentlemen:

This confirms the telephone conversation between you and Mr. Knop of this office, that a meeting will be held between our Region staff and Commonwealth Edison Company representatives at our offices on January 10, 1978, at 3:00 p.m. The purpose of this meeting is to discuss the status and schedules for implementation of corrective actions relating to management controls at Dresden, Quad-Cities and Zion. In addition, we ask that your staff be prepared to discuss events which occurred during the past month at the Dresden facility which we feel resulted from inadequate control of equipment outage activities.

Should you have any questions regarding this meeting, we will be glad to discuss them with you.

Sincerely,

James G. Keppler
