Mr. Robert Lowenstein, Director
Division of Licensing and Regulation
U. S. Atomic Energy Commission
Washington 25, D. C.

Dear Mr. Lowenstein:

On August 5, 1963, Commonwealth Edison Company requested certain amendments to License DPR-2 to permit the loading of the new fuel designated as Type III in the Dresden Nuclear Power Station reactor.

We wish to inquire as to the progress made on the approval of this fuel since the time is approaching when we may have to use it.

Yours very truly,

I. L. Wade
Administrative Engineer
