Gentlemen:

This is a letter in response to your letter which we received on August 30, 1980. Our license number is 22-13867-01.

The noncompliance is that the dose calibrator has not been calibrated annually. We expect to comply by hiring a new physicist consultant by October 15, 1980. Arrangements will be made to have the consultant perform annual calibrations on the Dose Calibrator.

Sincerely,

Norman L. Kaye
Administrator
