MEMORANDUM FOR: John B. Martin, Director
Division of Waste Management

FROM: Ross A. Scarano, Chief
Uranium Recovery Licensing Branch

SUBJECT: TRIP REPORT--EDGEMONT, SOUTH DAKOTA

Place and Date:

Rapid City, South Dakota - September 2, 1980
Edgemont, South Dakota - September 3-4, 1980
Denver, Colorado - September 5, 1980

Attendees:

See attached lists.

Discussion:

On September 2, 1980, Messrs. R. A. Scarano and G. G. Eadie attended a meeting in Rapid City, South Dakota, to discuss the NRC's Edgemont Cleanup Action Program. Attending this meeting were representatives from the State, City of Edgemont, the press, the Black Hills Alliance, and the Battelle Pacific Northwest Laboratories (BPNL). The topics of main interest discussed during this meeting were:

1. BPNL's contract with NRC.
2. NRC's Cleanup Action Program.
3. Housing and Urban Development (HUD) requirements for the grab-Working Level Protocol.
4. Agenda for the open Town Hall Meeting to be held on September 3, 1980.
5. Coordination of activities and agencies, and public information responsibilities.

On September 3, 1980, a public meeting was held in Edgemont, South Dakota, to discuss the NRC's plans for conducting the required HUD surveys and for the actual cleanup program.

8010060098

SEP 12 1980

On September 4, 1980, G. Eadie and BPNL personnel toured the city of Edgemont and vicinity and met with Mayor Zeimet and other city officials to coordinate activities. Arrangements were made between John Krueger, the City Planner, to notify all homeowners of the pending radiological surveys and for the City and State personnel to coordinate such activities and reporting requirements.

On September 5, 1980, G. Eadie and BPNL personnel met with HUD, EPA, and the City of Edgemont officials in Denver, Colorado to discuss the cleanup program. HUD agreed with NRC's protocol for completing the Edgemont Cleanup Action Program and will review and concur in the specific grab-WL sampling procedure as proposed by NRC/BPNL. X

Plans are being finalized to have the BPNL mobile laboratory arrive in Edgemont, South Dakota, about September 15, 1980; with the initiation of radiological surveys about September 17, 1980.
