MEMORANDUM FOR: O. G. Abston, Acting Director  
Office of Inspector and Auditor

FROM: E. L. Jordan, Executive Officer  
for Operations Support  
Office of Inspection and Enforcement

SUBJECT: FALSIFICATION OF SECURITY RECORDS AT DRESDEN FACILITY

The attached investigation report is forwarded for consideration for transfer to the Department of Justice. The report established that Burns International Security Services employees had falsified guard firearms qualification records.

As stated in Jim Keppler's transmittal memo dated July 17, 1978, these matters have previously been discussed by RIII with Mr. Elboar of the Department of Justice. This discussion was held because of Mr. Elboar's involvement in the Quad Cities security matters. Mr. Elboar requested that any referral of the Dresden matter to Justice be made to this attention.

Please let me know if you have any questions.
