

UNITED STATES
NUCLEAR REGULATORY COMMISSION
WASHINGTON, D. C. 20555

SEP 24 1980

NOTE FOR: M. J. Rathje, SECY

FROM: M. S. Medeiros, Jr.
Reactor Systems Standards Branch
Division of Engineering Standards
Office of Standards Development

SUBJECT: VALUE-IMPACT STATEMENT FOR DEGRADED COOLING ADVANCE NOTICE OF
PROPOSED RULEMAKING

Attached are three copies of the subject value-impact statement to be placed in the public document room in accordance with the Commission request delineated in a memorandum, Chilk to Dircks, dated September 9, 1980, copy also attached.

Confirming your telephone advice of September 18, 1980, I understand that this value-impact statement will be filed in "PR miscellaneous" pending assignment of a proposed rule number to this work.
