Attention: Director
Division of Fuel Cycle & Material Safety

Subject: McGuire Nuclear Station
Special Nuclear Materials License No. 1773
Docket No. 79-2623

Dear Sir:

Duke Power Company hereby applies for an amendment to Special Nuclear Material License No. 1773. Duke requests that Section 9, Authorized use, be amended to read as follows:

9. Authorized use

For receipt, possession, inspection, use and storage, movement and insertion of a single fuel assembly into different locations of the core for indexing purposes and for the packaging of fuel for delivery to a carrier in accordance with the statements, representations and conditions specified in the licensee's application dated June 1, 1977, and the supplements thereto dated October 6, and 24, 1977, and subject to the hereinafter listed conditions.

Please review this amendment in a timely fashion consistent with a scheduled October fuel loading of McGuire Unit 1. If you have any questions, please call T. H. Heitman on extension 7139.

Very truly yours,

William O. Parker, Jr.
