Yankee Atomic Electric Company
ATTN: H. A. Autio
Plant Superintendent
Rowe, Massachusetts 01367

50-29

Gentlemen:

This acknowledges your letters of September 5, 1974 and January 29, 1975, in which you report the exposure of seven individuals to airborne radioactive material. The cause of this apparent noncompliance with an NRC regulation and your actions to preclude a recurrence were reviewed during a recent inspection.

Sincerely,

Original signed by
J. G. Davis

John G. Davis
Deputy Director for
