Director
Office of Nuclear Material Safety
and Safeguards
U. S. Nuclear Regulatory Commission
Washington, D.C. 20555

Dear Sir:

Enclosed is the fifty-eighth quarterly report for the period July 1, 1980 to September 30, 1980 as required by Paragraph 5C(4) of Provisional License CSF-1.

We have become aware that the consecutive numbering of the last two quarterly reports is in error. Therefore, we are including corrected replacement pages for those two reports in this submittal.

Very truly yours,
NUCLEAR FUEL SERVICES, INC.
