ATTN: Mr. G. Carl Andognini, Assistant  
to the Vice President  
20 Turnpike Road  
Westboro, Massachusetts 01581

Gentlemen:

Your letter dated January 20, 1975, requested Commission authorization to sell to Franklin County in Massachusetts a 0.54 acre parcel of land that is located within the exclusion area of the Yankee Atomic Generating Station. This parcel of land would be used to provide a new roadbed for a traveled way. Your request is in accordance with the requirements of paragraph A in the Technical Specifications appended to facility License No. DPR-3.

To continue our review of your request (Proposed Change No. 121), we need a detailed plan of the facility exclusion area which identifies the location of the parcel of land you plan to sell. You should also include the routing of the existing and the future traveled way in these respective locations relative to the exclusion area boundary.

To maintain our review schedule, we need a response to this request by February 14, 1975. Your submittal should be made in the usual manner as a supplement to your Proposed Change No. 121.

Sincerely,

Original signed by R. A. Purple
