Gentlemen:

Thank you for informing us of the corrective and preventive actions you documented in response to our correspondence. These actions will be examined during a subsequent inspection of your licensed program.

Based on a telephone discussion between Mr. Reynolds of this office and Mr. MacDonald of your staff, it is our understanding that plant health physics supervisory personnel will routinely review the results of plant radiation surveys with an objective of conducting such reviews on a daily basis.

Your cooperation with us is appreciated.

Sincerely,
