Docket No. 50-344

Mr. Charles Goodwin, Jr.
Assistant Vice President
Portland General Electric Company
121 S.W. Salmon Street
Portland, Oregon 97204

Dear Mr. Goodwin:

We have completed our review of your letter of November 19, 1979, concerning inadvertent safety injection actuations during surveillance testing at the Trojan Nuclear Plant. We find that your response adequately addresses the concerns stated in our September 21, 1979 letter (which enclosed our June 26, 1979 letter) and, therefore, we consider this matter resolved for the Trojan Nuclear Plant.

Sincerely,

A handwritten signature in cursive script that reads "Robert A. Clark".
