COMPLIANCE WITH INTERIM CRITERIA FOR SHIFT STAFFING

Gentlemen:

Georgia Power Company hereby reports that Plant Hatch Units 1 and 2 are in compliance with the interim criteria for shift staffing promulgated by Darrell G. Eisenhower's letter dated July 31, 1980. Further, plant administrative procedures have incorporated the proposed overtime restrictions which were listed in that letter.

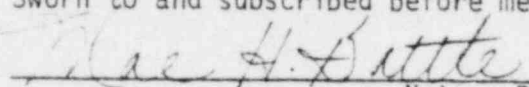

This report is considered to complete all actions required under NUREG-0660 item I.A.1.3.

Very truly yours,

W. A. Widner
