MEMORANDUM FOR: Edward L. Halman, Director
Division of Contracts
Office of Administration

FROM: Robert G. Ryan, Director
Office of State Programs

SUBJECT: GRANTS TO AGREEMENT STATES UNDER THE URANIUM MILL TAILINGS
RADIATION CONTROL ACT

Attached are revisions to a number of RFPAs for the subject grant program. The Grant Review Board recommended initial grants for all the below listed RFPAs except that for Arizona. Arizona has now withdrawn from mill licensing, thus RFA OSP-80-677 is to be cancelled. The funds allocated to Arizona are being distributed among the other States, thus necessitating changes in some of the other RFPAs. The following table present initial and new amounts committed to each grant:

<u>State</u>	<u>RFA#</u>	<u>Initial Committed Amount</u>	<u>committed Amount</u>
Arizona	OSP-80-677	71,900	-0-
California	OSP-80-308	50,000	50,000
Colorado	OSP-80-311	80,000	95,000
Nevada	OSP-80-310	14,100	14,100
New Mexico	OSP-80-676	80,000	133,900
Oregon	OSP-80-309	44,000	47,000
Texas	OSP-80-307	80,000	80,000
Washington	OSP-80-306	80,000	80,000
TOTAL		500,000	500,000

The attached amended RFPAs also extend the grant period for the States of Texas and Oregon through November 8, 1981.
