Hon. Jimmy Carter  
President  
United States of America  
Washington, DC.

Dear President Carter:

This note is to let you know that the people in Central Pennsylvania have not forgotten what happened here last March 28.<sup>th</sup> The nightmare of Three Mile Island lives with us daily.

First it was the accident. Met-Ed covered up - or at least tried to -

Now its the clean up.  
They want to vent the  
2 million+ cubic ft of  
Krypton-85 gas into the  
atmosphere. Why? It's cheapest  
that's why. To hell with  
environmental consequences.  
Or health risks. Why? Be-  
cause the top brass of Met-  
Ed, GPU and NRC don't have  
to breath that air.

I just want you to know  
that I'll be evacuating my  
wife and children (again)  
if the NRC, and you, permit  
these releases of Krypton-85.

Sincerely,

Timothy J Lyng
