MASONRY WALLS
FILE: B3.8 UFI: 42*05 SERIAL: 9864

As a supplement to our previous correspondence of September 3, 1980, on this subject, we are transmitting additional drawing sets in response to the NRC information request on Catagory I Masonry Walls. This data was originally requested in the NRC correspondence dated April 21, 1980.

Enclosed are 10 sets of 41 drawings, as listed on the attached summary. These drawings show the location of all masonry walls for Seismic Catagory I structures.

Please note that the drawings transmitted herewith are, in several cases, later revisions of the drawings previously transmitted with our correspondence of September 3, 1980. We therefore, request that the previously transmitted set of 41 drawings be destroyed.
