Mr. Bobby G. Batten, Chairman
 Society and Aerospace Technology
 Technical Committee
 American Institute of Aeronautics
 and Astronautics
 Langley Research Center
 Hampton, Virginia 23655

Dear Mr. Batten:

This letter is in reply to your letter of September 3, 1980, in which you propose that the NRC, in cooperation with the AIAA's Aerospace Technology Technical Committee and other key organizations, support a multidiscipline workshop/conference between the aerospace and electrical power communities. Since the Office of Research would normally sponsor this type of effort, Chairman Ahearne has requested that I respond to your letter. My staff and I would be happy to meet with you to hear the briefing you proposed.

You may be aware that my office co-sponsored a similar type of workshop/conference with the Institute of Electrical and Electronics Engineers (IEEE) in Washington, D.C. on January 15-17, 1980. I am enclosing a copy of the program for your information. We are naturally interested in benefitting from the experiences of the broadest representation from the other high technology areas.

If 9:00 a.m. on October 20, 1980, is a convenient date for you, I would be pleased to meet with you at our Silver Spring office. If you would like to propose an alternate date, please call my office at (301) 427-4341.

Sincerely,

Original signed by
 Thomas E. Murley

Thomas E. Murley, Acting Director
 Office of Nuclear Regulatory Research

Enclosure: Program of NRC-IEEE
 Co-sponsored Conference
