Re: Distribution of Sand Rock Mill Environmental Reports -
Docket No. 40-8743

Dear Ms. Hamill:

Enclosed please find copies of the transmittal letters which accompanied distribution of the Sand Rock Mill ER. The letters dated September 9, 1980 were to addresses specified in Mr. Scarano's letter of August 29, 1980. Letters dated September 11, 1980 concern notification of the ER having been transmitted to other parties as per the August 29, 1980 listing. Letters dated September 12, 1980, are copies of transmittals which are now in progress to addresses not included on the August 29 list. A copy of Conoco's supplementary list is attached.

You will note that some of the letterheads bear the name Continental Oil Company. This was due to the accidental mixture of "old" and "new" stationary. Conoco's "official" name is Conoco Inc. and the "old" Continental Oil Company should not appear on correspondence. Please let me know if you foresee any problems with the letters having been sent under the "old" letterhead.

If you have any questions regarding distribution of the ER, please contact me at (303) 575-6069.

Sincerely,

Terence W. Quigley

Re: Conoco Inc. Sand Rock Mill Environmental Report, U.S.
Nuclear Regulatory Commission Docket No. 40-8743

Dear Mayor Officer:

Conoco Inc. has applied to the NRC for a source material license in conjunction with their proposed Sand Rock Mill Project, a conventional uranium mill operation, which will be located in Campbell County, Wyoming.

Please find enclosed a copy of the associated Environmental Report for your inspection and information.

Please be advised that the NRC has scheduled a scoping hearing on this project for 7:30 p.m. on October 16, 1980 at the Hilton Inn in Casper, Wyoming.

Conoco welcomes your participation in the review process of the Sand Rock Mill application. If you have any questions concerning the enclosed material or the project in general, please feel free to contact me at (303) 575-6069.

Sincerely,

Terence W. Quigley
Environmental Project Leader
Sand Rock Mill
