Ms. Elaine Hemby  
Licensing Officer  
Export/Import and International Safeguards  
Office of International Programs  
United States  
Nuclear Regulatory Commission  
Washington, DC 20555

Dear Ms. Hemby:

Enclosed is our application for the export of source material in a TLD system we intend to ship to the Peoples Republic of China.

In order to equip the system with proper calibration capabilities, we would appreciate the expediting of this application in a timely fashion.

Should you require any assistance or need further information, please contact me directly at (201)-664-7070.

Sincerely,

TELEDYNE ISOTOPES
