Sparks, Maryland 21152

Dear Mr. Haug:

I am responding to your letter of September 10, 1980, regarding the Conoco, Inc. Sand Rock Mill Project (Docket 40-8743). In your letter, you requested a copy of the applicant's environmental report and additional relevant information on the project. All publicly available documents for the Sand Rock Mill Project may be inspected and copied at the NRC's Public Document Room (PDR), 1717 H Street, N.W., Washington, D.C. The environmental report contains about 400 pages and the charge for the copy service is 8¢ per page. Requests for copies can be made by letter addressed to the Public Document Room and should reference the project's Docket No. 40-8743.

The Draft Environmental Statement (DES) which NRC will publish is not scheduled for release until early 1981. A Federal Register Notice will announce the availability of the DES when it is released, and we will send you a courtesy copy.

If I can be of any assistance in the future, please contact me at 301/427-4546.

Sincerely,

Kathleen J. Hamill
