

COMMISSION
CORRESPONDENCE

UNITED STATES
NUCLEAR REGULATORY COMMISSION
WASHINGTON, D.C. 20555

October 27, 1980

OFFICE OF THE
COMMISSIONER

The Honorable Warren D. Manshel
American Ambassador
Copenhagen, Denmark

Dear Mr. Ambassador:

Now that I am back in the United States after a long but productive trip, I want to express my appreciation to you and those on your staff, particularly Jean Louis, who helped make my visit to Copenhagen a success.

I was pleased to sign the renewal of the NRC-DNAEP Arrangement for the Exchange of Technical Information and Cooperation in Nuclear Safety Matters. The continued communication and cooperation in this area is another important contribution toward assuring the continued safe operation of power reactors throughout the world.

Sincerely,

Joseph M. Hendrie
Commissioner
