Gentlemen:

This refers to the meeting held at your corporate offices in Jackson, Mississippi, on October 27, 1980, at our request. This meeting was related to activities authorized by NRC License Nos. CPPR-118 and CPPR-119 for the Grand Gulf facility.

Our evaluation as developed from the Systematic Assessment of Licensee Performance (SALP) was presented and discussed. The results of this evaluation are included in the enclosed inspection report.

It is our opinion that this meeting was particularly beneficial in that we were able to present our evaluation of your activities, and in turn, you were able to respond directly to these evaluations.

Your positive response to the presentation is appreciated and should enhance communications with us in areas pertinent to safe reactor operations.
