Docket No. 50-010  
Docket No. 50-237  
Docket No. 50-249

Gentlemen:

This refers to the inspection conducted by Mr. T. L. Harpster of this office on April 28 and May 12, 1975, of activities at Commonwealth Edison Company's General Offices and Dresden Nuclear Power Station authorized by NRC Licenses No. DPR-2, No. DPR-19, and No. DPR-25, and to the discussion of our findings with Messrs. Roberts, Butterfield, Hausman, and Jurecki at the conclusion of the inspection.

A copy of our report of this inspection is enclosed and identifies the area examined during the inspection. Within this area, the inspection consisted of a selective examination of procedures and representative records, interviews with plant personnel, and observations by the inspector.

No items of noncompliance with NRC requirements were identified within the scope of this inspection. We are forwarding this report to our headquarters for their review and evaluation.

In accordance with Section 2.790 of the NRC's "Rules of Practice," Part 2, Title 10, Code of Federal Regulations, a copy of this letter and the enclosed inspection report will be placed in the NRC's Public Document Room. If this report contains any information that you or your contractors believe to be proprietary, it is necessary that you make a written application to this office, within twenty days of your receipt of this letter, to withhold such information from public disclosure. Any such application must include a full statement of the reasons for which it is claimed that the information is proprietary, and should be prepared so the proprietary information identified in the application is contained in a separate part of the document. Unless we receive an application to withhold information or are otherwise contacted within the specified time period, the written material identified in this paragraph will be placed in the Public Document Room.
