Dear Mr. Keppler:

Attached is the response to "Enforcement Item" found
in the enclosure to Reference (a).

This is to confirm that Dresden Unit 1's laundry tank
level charts will be retained for one year, and the effluent
releases for the Station from January through June 1976 will
be reviewed and appropriate action will be taken for any errors
revealed.

Neither this response nor the original report contain

Please address any additional questions on this matter
