Mr. J. M. Allen, Chief
Fuel Facility and Materials
Safety Branch - Region III
U.S. Nuclear Regulatory Commission
799 Roosevelt Road
Glen Ellyn, Illinois 60137

Subject: Dresden Station Units 1, 2, and 3
Response to IE Inspection Report
Nos. 50-10/76-03, 50-237/76-02,
and 50-249/76-02, NRC Docket Nos.
50-10, 50-237, and 50-249

Dear Mr. Allen:

The following are descriptions of further actions planned relative to paragraphs D and G of the Management Interview in the Summary of Findings section of the subject report.

Paragraph D: First Aid Facilities

The first aid facilities will be moved from the trailer into the permanent structure January 1, 1977.

Paragraph G: Emergency Plan Implementing Procedures

Procedures which describe the duties of each Director of an Emergency Plan function have been prepared and issued.

Each individual assigned the duties of a Director or alternate is responsible for maintaining a copy of the Emergency Plan Implementing Procedure (EPIP) which describes their duties.

As required by GSEP Section 10, each individual with GSEP duties will be provided with supplementary procedures. Of the eight subjects identified in Section 10 to be included in supplementary emergency procedures, following is the status:

10.1 Action Levels and Dose Estimates
a and b New procedure must be written.

c Included in the General Office Environmental Director Procedure and will be included in the supplementary emergency procedures by reference.

d Will be included in the Dresden Station Offsite Environs Director Emergency Plan Implementing Procedure (EPIP) and will be included in the supplementary emergency procedures by reference.

10.2 GSEP Phone List

Completed.

10.3 GSEP Support Phone List

Completed.

10.4 Medical Procedures

These procedures currently are contained in the Abnormal Operating Procedures, Administrative Procedures, or Radiation Protection Procedures and will be included in the supplementary emergency procedures by reference.

10.5 Fire Fighting Procedures

These procedures are currently contained in Station procedures and will be included in the supplementary emergency procedures by reference.

10.6 List of Emergency Equipment

This list is currently contained in Station procedures and will be included in the supplementary emergency procedures by reference.

10.7 Environs Procedure and List of Surveillance Stations

The Station Offsite Environmental Director's procedure will be revised to include this information and it will be included in the supplementary emergency procedures by reference.

10.8 Recovery and Reentry Procedures

Recovery of injured personnel is covered in existing Station procedures and will be included in the supplementary emergency procedures by reference.

These procedure revisions and additions will be completed by October 1, 1976.
