MEMORANDUM FOR: Mitchell Rogovin
FROM: Robert M. Bernero
SUBJECT: CONTACT WITH AN NRC COMMISSIONER

On October 24, 1979, Commissioner Peter Bradford called me. He asked for more information related to our question, put to him during our deposition of him on October 19, of whether he knew Anthony Robbins of NIOSH. I explained to Commissioner Bradford that we had hearsay evidence from the IRC transcripts that Robbins had called Secretary of Health MacLeod of Pennsylvania around 4 p.m. on March 29 recommending evacuation. I said that MacLeod had confirmed this to the Special Inquiry.
