UNITED STATES NUCLEAR REGULATORY COMMISSIONDOCKET NO. 50-322ALONG ISLAND LIGHTING COMPANYNOTICE OF RECEIPT OF UPDATED INFORMATION FOR ANTITRUSTREVIEW OF OPERATING LICENSE APPLICATION

The Long Island Lighting Company filed updated information for Antitrust Review of an Operating License Application, dated September 30, 1980. The original submission of information for the antitrust review of the operating license application was filed by letter, dated January 12, 1976. This information was filed pursuant to 2.101 of the Commission's Rules and Regulations and is in connection with the plans of Long Island Lighting Company to operate a boiling water reactor located on the north shore of Long Island, the State of New York, County of Suffolk, in the town of Brookhaven. The reactor has been designated as the Shoreham Nuclear Power Station, Unit 1.

The portion of the application filed contains updated antitrust information for review pursuant to NRC Regulatory Guide 9.3 to determine whether there have been any significant changes since the completion of the antitrust review at the construction permit stage.

On completion of staff antitrust review of the above-named application, the Director, Office of Nuclear Reactor Regulation will issue an initial finding as to whether there have been "significant changes" under section 105c(2) of the Act. A copy of this finding will be published in the Federal Register and will be sent to the Washington, D. C., and local public document room and to those persons providing comments or information in response to this notice. If the initial finding concludes that there have not been any significant changes, request for reevaluation may be submitted for a period of 60 days after the date of the Federal Register notice. The results of any reevaluation that are requested will

also be published in the Federal Register and copies sent to the Washington, D. C., and local public document room.

A copy of the updated information for Antitrust Review for an Operating License Application is available for public examination and copying for a fee at the Commission's Public Document Room, 1717 H Street, N. W., Washington, D. C. and at the local public document room in the Shoreham - Wading River Public Library, Route 25A, Shoreham, New York 11786.

Any person who desires additional information regarding the matter covered by this notice or who wishes to have his views considered with respect to significant changes related to antitrust matters which have occurred in the licensee's activities since the construction permit antitrust review for the above-named plant should submit such requests for information or views to the U. S. Nuclear Regulatory Commission, Washington, D. C. 20555 Attention: Chief, Utility Finance Branch, Office of Nuclear Reactor Regulation, on or before February 10, 1981.
